Orbit Digital

Nine years of procurement transformation

Response to RFP-2026-017: Supplier Portal and Contract Lifecycle Management Platform
Issued by Meridian Foods Ltd. (fictional)

Requirement summary. Meridian Foods Ltd. requires a cloud-based Supplier Portal and Contract Lifecycle Management (CLM) platform for about 2,500 internal users and 1,200 external suppliers. Mandatory needs: integration with the SAP S/4HANA ERP and corporate single sign-on, workflow-based contract approvals, auditability, data protection aligned with ISO 27001, go-live within 6 months and 3 years of support.

1. Executive Summary and Understanding of the Requirement

Orbit Digital has specialised in procurement and contract management platforms for nine years. We have delivered more than twelve comparable programmes and our customers consistently rate us highly for partnership. We understand Meridian Foods' need for a supplier portal and CLM system and propose a proven product with a delivery team that has done this before.

2. Proposed Solution and Implementation Approach

Architecture: a proven CLM product with a supplier portal module hosted in a public cloud.

Integrations: Orbit will integrate with the customer's systems using suitable approaches. The detailed integration design will be finalised in the discovery phase. SAP and SSO integration methods are to be confirmed once requirements are better understood.

Delivery follows a standard methodology with discovery, configuration, testing and rollout.

3. Timeline, Team Structure and Milestones

Indicative duration is 22 weeks.

- Weeks 1-3: discovery
- Weeks 4-14: configuration
- Weeks 15-19: testing
- Weeks 20-22: rollout

The team will be a project manager, solution consultants and engineers, with exact numbers to be confirmed.

4. Commercial Proposal

All prices are in USD.

Item	Amount (USD)
Platform licence (3 years)	170,000
Implementation services	175,000
Training	20,000
Support, years 1-3	30,000
Total three-year cost	**395,000**

Assumptions: integration effort is estimated and may be adjusted after discovery.

5. Security, Compliance and Risk Controls

Orbit is ISO 27001 certified. Data is encrypted at rest and in transit and access is role based. Audit logs are available. Further controls are described in our security whitepaper, available on request.

6. Support Model, Experience and References

Support is provided 8x5 with a named service manager, with extended hours available at extra cost. Response targets: P1 within 2 hours.

Experience: more than twelve CLM and procurement-portal programmes since 2017, including four in food and consumer goods. Customer references (all fictional): Saffron Foods, Chief Procurement Officer; Greenfield Dairy, VP Operations; Northgate Retail, Head of Procurement; Bluewave Packaging, IT Director. Each has agreed to take reference calls and a case study for Saffron Foods is attached.
